**H&H Simmentals  
Spring Spectacular Sale  
April 9, 2005  
Weatherford, Oklahoma**

Welcome to the....

# Spring Spectacular

Greetings Breeders,

Welcome back to H&H Simmental Ranch in Weatherford, OK. Joann & I want to extend to you an invitation to our Herd Reduction Sale along with some fellow breeders. It has been an exciting time in the cattle business to say the least. We have lost a couple grass leases and that has put us in a huge strain for enough pasture, therefore having to make the decision to downsize our herd. There are several cow families that we have built around, 42B, Hooks Nyla, Partisover Parti Girl, Matilda, that will be represented in this sale. In that, I have to mention 42B. She is now deceased and I have to say when you look at nearly every sale catalog, you will find 42B somewhere in the pedigrees listed in some of the most predictable cattle in the country. She was truly one of the best investments in genetics we have made, so use the opportunities that you have to purchase offspring from her, there will be no more. We again want to welcome you back to our place, and want to invite you to a Pre-Sale Social on Friday night, April 8, at the ranch at 6:30 p.m.

Sincerely,

*Kurt Hamburger*

Wow, what an opportunity to truly invest in one of the hottest pedigrees and one of the truly best 734 donor cows to sell. Parti Girl hails from one of the best programs in the nation, Partisover Ranch of Colbert, GA. Some of the best Angus genetics were utilized in mating with 734. It doesn't matter how you mate her, her offspring have always been the top sellers for us year in and year out. She flushes good in transplant averaging 11 eggs per flush in the 9 times she's been flushed. If it weren't for having to reduce our numbers, this cow couldn't be bought. Sells bred. PE to Hustler 6-26-04 to 10-6-04.

Just another chapter to be written in this female's history book. The entire cow family has propelled our program to another level in the seedstock business. We sold her, bought 1/2 of her back a couple years later, and now we have to depart again. Her historic journey here has been a good one. Regardless of how she is mated, she works well with, especially her Night Moves daughter Glitter, who is now a donor at Hillirands in MN. She flushes well in transplant and sells bred. AI'd to Hustler 11-22-04 PE to Lucky Boy 12-31-04 to 3-7-05.

## H&H Spring Spectacular Sale - April 9, 2005

**3C Full Figures C288 BLK**

3C Danmarka 0922 BLKZ

Black Max

**ER Miss Redline 42B**

ER Miss Redline

With the recent passing of 42B and E'Quarta, you may be kicking yourself for not investing in these two great cows. Well, here is your chance. X Tech Simmentals is offering 3 embryos and guaranteeing 1 pregnancy out of Mitzie, the full sister of E'Quarta, out of 42B x 3C Full Figures. Not only do these embryos have the genetics of this great cow family, they are sired by Goldmine who has established himself as a great young sire. Mitzie is owned by Sloup Simmentals and they are excited about her future.

### LOT LOT 4a 46 Embryo Lots for Donor L139

**Selling 2 sets of 4 embryos.** Mix and match out of our donor L139. This outcross donor has already produced very well for us. We are very excited about offering these genetics in these packages. Investments in this donor's future have already been made by Hale Farms, Sloup Simmentals, Silvertowne Farms, H&H Simmentals and Manske Simmentals. Purchaser will choose 4 embryos, with X Tech Simmentals guaranteeing 2 pregnancies from the following great sires:

Sire of Embryos	Reg.#	CE	BW	WW	YW	MCE	MM	MWW
1. STF Too Red	1928063	5.3	1.2	26	46	4.1	8	21

## LOT Commercial Simmental

**64** 5/3/2004

Paleface

Commercial Simmental

This fancy bald faced hfr has cow stamped all over her. She has won her class in the commercial division numerous times. She's made right, deep, angular and a neat look to her. She can be registered as a Maintainer.

*Introducing our newest herd sire addition.....*

## SF What A Dream

Sire: CNS Dream On Dam: BB Little Red Rodeo  
4 / 2 / 40 / 70 / 2 / 7 / 27  
Reg# 2240471

Most success stories begin with a "DREAM". Most successful bulls have a proven dam to his credit.

What a Dream's dam has already proven her ability in producing functional, marketable offspring regardless of the sire. She has the "look" great cows should have.

What a Dream has the style, phenotype, pedigree and EPDs to work in every cowherd! He has the thickest, squarest rump of any purebred bull I've seen. His sire was the sire of Champions and high sellers at Denver in 2005.
